

SEMI WET SURGICAL SUCTION

MGF HYBRID A2

Code: AS-100-EX-AS

Description: Semi-wet suction unit 1,5 Hp, max air flow 1.500 l/min, max operating head 180 mbar.

The separation module is equipped with a specific separating rotor, which guarantees constant, flawless separation through centrifugal force, also with higher foam loads. Long-term functionality of the suction

pump over many years is only guaranteed with reliable separation. A free running, aluminum-turbine wheel ensures long term reliability.

Integrated suction unit, complete with liquids separator and amalgam separator for 2/3 working places.
