

Combined compression and suction system for 2 or 3 chairs

ASPIR-COMP 30/15 PRIME S

Code: PR-AC200-040

Description: ASPIR-COMP is the centralized system for compressed air and surgical suction with leading features:

- integrated solution, including oil-free compressor and dry suction
- compact, easy to handle thank to the use of the wheels
- extremely silent (only 55 dB/1m)
- modern design, ASPIR-COMP can be placed everywhere!
- powerful and reliable oil free compressor
- high performance dry suction system
- reduced and simple maintenance

Model								
	Dental chairs	Air dryer	Air Capacity	FAD @ 5bar	Motor	Volt.	Freq.	Receiver
Compressor module	2-3	no	<i>m3/h U/min cfm</i> - 240 8,5	<i>m3/h U/min cfm</i> - 170 6,0	<i>HP KW</i> 2 1,5	<i>V Hz</i> 230 50		<i>l GAL</i> 40 10,57
Dry suction	2-3	no	<i>m3/h U/min cfm</i> - 2.280 80	<i>m3/h U/min cfm</i> - - -	<i>HP KW</i> 1,5 1,1	<i>V Hz</i> 230 50-60		<i>l GAL</i> - -

Model						
	Noise Level	Duty cycle	Max pressure	Max oper. head	Size	Net weight
Compressor module	<i>dB(A)</i> 55	50%	<i>bar PSI</i> 7 101	<i>mbar</i> -	<i>mm</i> 490x750x1550	<i>Kg lb</i> 120 263
Dry suction	<i>dB(A)</i> 55	100%	<i>bar PSI</i> - -	<i>mbar</i> 200	<i>mm</i> 490x750x1550	<i>Kg lb</i> 120 263
