

Combined compression and suction system for 1 chair

ASPIR-COMP 24/10 GENESI S

Code: D-AC150-024

Description: ASPIR-COMP 2016 is the centralized system for compressed air and surgical suction with leading features:

- integrated solution, including oil-free compressor and dry suction
- compact, easy to handle thank to the use of the wheels
- extremely silent (only 52 dB/1m)
- modern design, ASPIR-COMP can be placed everywhere!
- powerful and reliable oil free compressor
- high performance dry suction system
- reduced and simple maintenance

Model	 Dental chairs	 Air dryer	 Air Capacity	 FAD @ 5bar	 Motor	 Volt.	 Freq.	 Receiver
Compressor module	1-2	no	<i>m3/h U/min cfm</i> - 182 6,4	<i>m3/h U/min cfm</i> - 135 4,8	<i>HP KW</i> 1,5 1,1	<i>V Hz</i> 230 50		<i>l GAL</i> 24 6,3
Dry suction	1-2	no	<i>m3/h U/min cfm</i> - 2280 80	<i>m3/h U/min cfm</i> - - -	<i>HP KW</i> 1 0,75	<i>V Hz</i> 230 50-60		<i>l GAL</i> - -
